

BCG Logistics Inc. Acquires B&G Delivery Systems Inc.

Toronto, ON – March 02, 2016 - BCG Logistics is proud to announce it has acquired B&G Delivery System Inc., an asset-based carrier serving the western US market from its headquarters in Sacramento California.

This acquisition reflects BCG Logistics' strategy in Canada and the United States to offer its growing portfolio of international customers more services, efficiencies and a 'One America Supply Chain Solution'.

B&G Delivery System will continue to operate as a separate company and using the B&G brand under the auspices of Toronto-based BCG Logistics Inc. In addition the existing B&G management team will report to AJC (Allan) Smith new President. Scott Allgier will continue to run day to day operations as COO.

In this initial phase of the integration process, the B&G team plans to leverage BCG Logistics' technologies, such as its proprietary TMS "STARS" technology, to meet its customers growing demand for more information, new efficiencies and services. Both BCG Logistics and B&G Delivery have focused their businesses on providing high quality regional solutions in the U.S. and Canadian markets, and BCG's proprietary "STARS" Technology will contribute to B&G 's reputation as a regional leader in the pre-8 a.m. delivery market.

"The acquisition of B&G Delivery Systems is consistent with BCG Logistics' corporate strategy to expand its portfolio of services and increase its scope of customers and operations in North America," says AJC (Allan) Smith, President & CEO of BCG Logistics Inc., adding: "The staff and current owners at B&G Delivery are excited to be part of BCG's future and we will be incorporating "STARS" into B&G 's west coast US customer base in the coming months. This is an important part of a strong, fully integrated partnership that will offer BCG Logistics clients an enhanced portfolio of Trans border services. It's our company's strategy to support our customers' distribution efforts across North America by leveraging one powerful and growing platform."
